

Short Profile for website

Name of the Faculty: Jasmine Chhikara

Designation: Assistant Professor

Qualification: Ph.D (ECE, Pursuing), M.Tech (VLSI Design),
B.Tech (ECE)

Brief Summary:

Jasmine Chhikara is an Assistant Professor with expertise in Artificial Intelligence, Biomedical Engineering, and Embedded Systems, with a particular research focus on deep learning and medical image analysis for pancreatic cancer diagnosis. Her research integrates advanced AI techniques such as transfer learning and optimization-based deep learning to address challenges in medical image classification and computer-aided diagnosis. She is also actively involved in teaching and research in Microelectronics, Analog Electronics, Microprocessors, Microcontrollers, and Embedded Systems, bringing together interdisciplinary knowledge of AI and engineering. Her research work has received Research Excellence and Best Paper Awards.
