

Dr. Narender Singh
Assistant Professor, Applied Sciences Department
Ph.D (GGSIPU), M.Tech (DITE, Delhi)

Mr. Singh has completed his Ph.D from GGSIPU in the field of micro-Electric discharge machining. Small 3D features and micro-parts of titanium alloy of size less than 1 mm are manufactured through this manufacturing technology. The demand for miniature-size products nowadays is being increased in industries.
