

Anjali Baliyan

Assistant Professor | Department of Electronics & Communication Engineering

Email: anjaliwaliyan@msit.in

Maharaja Surajmal Institute of Technology (MSIT), Janakpuri, Delhi

Total Teaching Experience: 8+ Years (Serving since June, 2015)

OBJECTIVE

Intend to build a career with leading educational environment in electronics and communication with committed & dedicated people and willing to work as a team member in challenging & creative environment.

EDUCATIONAL QUALIFICATIONS

- **M.Tech. (Electronics and Communication Engineering)** — USICT, G.G.S.I.P.U, Dwarka, New Delhi (2017)
Dissertation: Design and Implementation of Wallace Tree Multiplier and Kogge Stone Adder (Xil-inx ISE Suite 14.7)
- **B.Tech. (Electronics & Communication)** — Trident Group of Institutions, Ghaziabad (2014)
- **Senior Secondary (12th Class)** — CBSE Board (2010)
- **Secondary School (10th Class)** — CBSE Board (2008)

EMPLOYMENT DETAILS

Employer / Organization	Designation	Period	Nature
Maharaja Surajmal Institute of Technology, Delhi	Assistant Professor	March 2021 – Present	Permanent
Maharaja Surajmal Institute of Technology, Delhi	Assistant Professor	Jan 2020 – April 2020	Ad-hoc
Maharaja Surajmal Institute of Technology, Delhi	Assistant Professor	July 2019 – Dec 2019	Ad-hoc
Maharaja Surajmal Institute of Technology, Delhi	Assistant Professor	Jan 2019 – May 2019	Ad-hoc

AWARDS & HONORS

- Commendable Research Award – Maharaja Surajmal Institute of Technology, Delhi

RESEARCH PUBLICATIONS (SELECTED INTERNATIONAL JOURNALS)

- **Ultrawideband Multiport Antenna Design with Enhanced Bandwidth for 5G Communications** (First Author)
Proposed a slotted UWB MIMO antenna with enhanced bandwidth for 5G communications. Status: Published in Telecommunications and Radio Engineering, Vol. 85(2), 2026 (SCOPUS)
- **Quad-Port Circularly Polarized Ring Slot Multiple-Input Multiple-Output Antenna for 5G UWB Wireless Communication Systems** (First Author)
Designed and analyzed a circularly polarized MIMO antenna for 5G UWB wireless communication systems. Status: Published in Electrica, Vol. 26(1), 2026 (SCOPUS)
- **Ultra-Wideband Fractal Antenna with Elliptical Defected Ground Structure on Rogers Rt/Duroid 6002 For 19.75–23.46 GHz and 27.25–36 GHz 5G Mm-Wave Bands** (Co-author)
Designed and analyzed an ultra-wideband fractal antenna with elliptical defected ground structure for 5G mm-wave applications. Status: Published in International Journal of Advances in Signal and Image Sciences, 2026.

- **Advanced Predictive Analytics for Used Car Pricing Through Convolutional Neural Networks (Co-author)**
Status: Published in International Journal of Environmental Sciences, Vol. 11 No. 22s, 2025 (SCO-PUS)
- **Design & Implementation of Wallace Tree Multiplier and Kogge Stone Adder (Co-author)**
Status: Published in International Journal of Engineering and Advanced Technology (IJEAT), Vol. 8(5), pp: 1392-1394, 2019

PAPERS PUBLISHED IN CONFERENCE PROCEEDINGS

- **Beam Forming Techniques in MIMO Antenna: A Review**
2023 International Conference on Sustainable Emerging Innovations in Engineering and Technology (ICSEIET), Ghaziabad, India.
- **A Review on Antennas for 5G Applications**
Evolution of MIMO Antennas: From 2G to 6G Wireless Systems, National Conference on Integrating Technologies, Ideas and Disciplines for Engineering Innovation, 2025
- **A Comparative Performance Evaluation of Regression Models for Photovoltaic Power Forecasting (Co-author)**
National Conference on Integrating Technologies, Ideas and Disciplines for Engineering Innovation, 2025

ACADEMIC ENVIRONMENT & TEACHING

- **Courses Taught (UG Level):** Microwave Engineering, Transmission, waveguide and Antennas, Digital communication, EMFT, Digital logic and circuit designs, Microelectronics, Analog electronics
- **Laboratory In charge:** Digital logic and computer design lab in MSIT.
- **Academic & Administrative Roles:** Member of Library Committee, NDLI Club, and active participant in NBA accreditation process.

(Ms. Anjali Baliyan)
Assistant Professor, ECE Dept.
