

Faculty Profile

Name : Garima
Designation : Assistant Professor at Maharaja Surajmal
Institute of Technology, Delhi-110058
Qualifications : Ph.D (IGDTUW), M.Tech (GGSIPU),
B.Tech (GGSIPU)
Phone : 9873446811
Email : 1592garima@gmail.com
Area of Interest/Specialization: Biomedical Signal Processing, Digital
System Design, and CMOS Digital
Circuits.
Experience : 9+ years

Key Publications

1. Garima, Nidhi Goel, and Neeru Rathee. "Novel fractal pattern based features for EEG-based emotion identification." *Biomedical Signal Processing and Control* 96 (2024): 106505.
2. Garima, Nidhi Goel, and Neeru Rathee. "Modified multidimensional scaling on EEG signals for emotion classification. *Multimedia Tools Applications*, **82**, 28547–28568 (2023).
3. Garima, Neeru Rathee, and Nidhi Goel. "EEG-based Emotion Identification using General Factor Analysis," *2022 10th International Conference on Reliability, Infocom Technologies and Optimization (Trends and Future Directions) (ICRITO)*, Noida, India, 2022, pp. 1-5
4. Garima, Nidhi Goel, and Neeru Rathee.(2022) "Feature Extraction and Classification for Emotion Recognition Using Discrete Cosine Transform." *Artificial Intelligence and Speech Technology (AIST 2021)*. Communications in Computer and Information Science, vol 1546. Springer, Cham.
5. Sandeep Singh, Alaknanda Ashok , Manjeet Kumar, Garima, Tarun Kumar. (2019) Optimal Design of IIR Filter Using Dragonfly Algorithm. In: Malik H., Srivastava S., Sood Y., Ahmad A. (eds) *Applications of Artificial Intelligence Techniques in Engineering*. Advances in Intelligent Systems and Computing, vol 698. Springer, Singapore.
6. Mansi Jhamb, Garima and Himanshu Lohani. "Design, implementation and performance comparison of multiplier topologies in power-delay space." *Engineering Science and Technology, an International Journal* 19.1 (2016): 355-363.

7. Mansi Jhamb, and Garima. "Design and Performance Analysis of Latch Based C-Element in 90 nm Technology Regime and Beyond. *Journal of Computational Intelligence and Electronic Systems*, 3(1), pp.69-73.
8. Sakshi Rajput, Priya Sharma, Gitanjali and Garima, "High speed and reduced power–radix-2 booth multiplier." *Int J Comput Eng Manag (IJCEM)*, 16(2), pp.25-31

Patent

1. Garima, Nidhi Goel, and Neeru Rathee. "A Method for Modified Multidimensional Scaling of EEG signals for emotion classification." (Published)
